Timely solutions to your power product needs could be a game changer.

Aakash Powertech Pvt Ltd. (APPL) is focused on National & International Marketing of Electric Cables, Motors, Transformers and Cooling Towers. A brief perspective hereunder will provide a better understanding of our business model.

APPL believes in one constant i.e. Change; Change through Innovation. We have innovated our business model from trading (after serving various customers in all types of industries in India since 1953) to integrated business development, marketing & sales service for our principals, which is our present day business model; we refer to as “Resourceful Partnership”.

APPL enjoys noticeable market presence in each of the key industry verticals and has several successful business associations with its long term partners. Our business is a healthy balance between the independence of each industry vertical and geographical location rather than over dependence of any one single industry / location.

It is our belief that commitment and principles are the foundation of a solid business and we have always adhered to the same and never compromised on service. This we believe has been the key to our consistent growth & success based on which our groups “Powertech Creed” is based.

Uniquely different.... in what we do!!

REPRESENTATION SERVICES

Our Representation services with all our principals are on long term relationship & very focused basis. It covers marketing, consultancy, Customer Relationship Management & Business generation on Key Account Management basis. We provide full service integrated solutions to manufacturers in terms of their needs in marketing & entire sales support systems for their Customers

TRADING ACTIVITIES

To cater to the Electrical / EPC Contractor & Industrial Customers requirement of maintenance & brownfield / medium size projects where customers require quick deliveries, we have carved a niche in the Domestic market by offering products like Electric Cables / Motors / Transformers / Lightings / Cables / Terminals / Gland & Accessories of top manufacturers in the electrical industry.

FINDOMESTIC

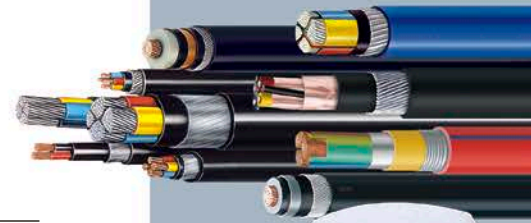

We are an India sourcing agents; engaged in providing par excellence product sourcing services. We as Sourcing Agent in India can assist international buyers in sourcing their import requirements of Total Plant Electrification Products. We can assist in identifying and evaluating potential manufacturers, third party quality assurance, techno-commercial negotiations, & procurement to logistics management.
